SOLDIER BONUS BILL IS FINALLY PASSED PLOT TO KIDNAP RAILROAD PRESIDENTS

**4 BILLION DOLLAR ADJUSTED COMPENSATION
VOTED EX-SERVICE MEN BY SENATORS;
PRESIDENTIAL VETO THOUGHT LIKELY**

Generally Accepted That President Harding
Will Nullify Senate's Act As He Is On Record
As Being Against The Bill In The Form In
Which It Was Passed.

HIS VETO CANNOT BE OVERRIDDEN

Washington, D. C., Aug. 31.—The \$4,000,000,000 soldier's bonus bill was passed today by the Senate and new go. s. to conference.

The vote was 47 to 22 with party lines dropping. Together with those paired and not voting who opposed the bill, this line up showed 33 Senators against the bill, or a sufficient number to prevent its passage in the event President Harding vetoes it, as many believe he will. The roll call today, however, showed one more than a two-thirds majority of those present and voting in favor of the bill.

Conference Today
Immediately after the passage of the measure the Senate directed that it be returned to the House with a request for a conference. Representative Mondell, of Wyoming, the Republican leader, said the House would send it to conference tomorrow under a special rule.

The Senate conferees named are those who now are working on the tariff bill and the House is expected to appoint its managers on the tariff measure. Since there is no serious dispute between the two Houses on the bonus the conferees are expected to lay aside the tariff long enough to agree to a report on the bonus.

Four hours of debate preceded Senate action, with Senators Lodge, Massachusetts, the Republican leader; Pomerene, Democrat, Ohio; Reed, Democrat, Missouri; Sutherland, Republican, West Virginia; Trammell, Democrat, Florida, and Heflin, Democrat, Alabama, arguing support of the measure and Senators Sterling, Republican, South Dakota; Owen,

Democrat, Oklahoma, and Watson, Democrat, Georgia, opposing it.

Applause Greets Passage
Neither senators nor spectators manifested particular interest in the proceedings as the discussion progressed, but just before the vote came at 3 p. m. both the Senate chamber and the galleries filled quickly. With the announcement of the results there was applause from spectators, particularly from one section of the galleries where there were a number of ex-service men. No effort was made to prevent this demonstration.

Government experts estimate the total cost of the bonus at \$3,845,659,481 on the basis of 75 per cent of the veterans electing the certificate plan, 22 1-2 per cent the farm and home aid and 2 1-2 per cent vocational training. This cost would be divided annually as follows: 1923, \$77,440,898; 1924, \$92,177,729; 1925, \$73,100,962; 1926, \$370,229,885; 1927, \$148,962,215; 1928, \$137,564,284; 1929, \$92,176,417; 1930, \$36,372,946; 1931, \$25,466,117; 1932, \$21,955,771; 1933, \$18,503,421; 1934, \$18,788,137; 1935, \$19,136,157; 1936, \$19,488,037; 1937, \$27,405,210; 1938, \$27,854,752; 1939, \$28,402,990; 1940, \$13,991,518; 1941, \$7,783,840; 1942, 104,498,263. Total to 1943, \$1,136,741,670; 1943 to 1946, \$2,708,917,811. Total \$3,845,659,481.

This total is exclusive of any appropriations that would be made under the \$350,000,000 land reclamation provision, but under that provision the Government finally would recover those costs. The total of the certificate plan is \$3,845,659,481.

(Continued on Page 4).

**WILL IMPROVE ROAD
THRU MOUNTAIN
WILDERNESS SOON**

Preparations Are Being
Made for Improving of
Road Thru State Forests
North of City.

HUNT CLUBS HELP

Harvey Bowers, President of the Panxutawney Hunting Club, which is co-operating with the State Forestry Department in the improving of the old "McGeorge road" thru the property of the hunting club, has completed the cleaning out of the underbrush and timber along the road from the mouth of the "Four Mile Road" through to Alex Branch of Trout Run. In addition to cutting the timber and brush to clear the road way forty feet wide all the stumps have been blown out and the ground put in shape for the permanent improving of the road.

The Forestry Department, through Forester W. F. Dague, will co-operate in the improving of this road in conformity with the Department's plan for a decent, travelable road through the State forest from Karthaus through to the Penfield road. At present the road through the Karthaus State forest is improved and in fine shape to the point on the old Caledonia pike where the McGeorge road intersects the pike beyond Alex's Branch of Trout Run.

Between this point and the State forest along the Penfield road intersection (Continued on Page 6)

**FRENCH CABINET
REFUSES TO GRANT
TIME TO GERMANS**

Paris, France, Sept. 1.—The French Cabinet today refused to concur in the decision of the Allied Reparations Commission and reserved the right to take independent action against Germany. After the despatch of a note to Germany notifying her that the request for a moratorium had been rejected with the provision that this year's payment may be made in short term Treasury notes, France decided to demand the calling of another European financial conference. At this conference it was proposed that interallied debts and reparations will be discussed further.

**AMERICAN VESSEL
RAISES CAIN AT
BUENOS AIRES**

Buenos Aires, Argentine Republic, Sept. 1.—An Argentine gunboat was sunk and five other vessels rammed and badly damaged by the Munson liner American Legion which became unmanageable in the harbor here. Several persons were drowned and four were injured, including officers of the gunboat Pizarro which went to the bottom immediately after the American vessel started running amuck. Passengers were ordered to remain on board the American Legion pending an investigation by the Argentine Government which began today. Conferences are under way between the United States Ministers to Argentina and naval officials. The American Legion as far as could be learned escaped all damage.

**MEXICO SEEKING TO
GET RECOGNITION
AT HANDS OF U. S.**

Nat'l Congress Opens
Session Today Which
Has For Object Entry
To Nations' Union.

TO MODIFY LAWS

By FRED G. NEUMEIER
(United Press)—Mexico's national Congress will open this afternoon for one of the most important sessions in its history, with recognition of the country by the United States as its objective.

Political leaders were confident before the opening that all necessary legislation for recognition would be passed within the thirty days of the session and it was learned that the measures have already been drawn. Legislation necessary for recognition includes a modification of Articles 27 and 123 of the Constitution.

In addition to the recognition legislation, is the agreement with the international bankers made by Minister de la Huerta in New York in July. The agreement has already been approved by President Obregon and will be submitted to the new congress. Leaders of the Cooperista party, which are in the majority in the chamber of deputies, recently stated that they believed this (Continued on Page 5).

**EXECUTIVE HEADS OF PENNSYLVANIA,
NEW YORK CENTRAL AND ROCK ISLAND
ROADS SAID TO BE IN GRAVE DANGER**

Government Secret Service Have Plans Of Reds
And Know Name Of Leader Of Plots Which
Were Scheduled To Startle The Country
When Put Into Effect.

WILL KILL OR KIDNAP THE CHILDREN

CHICAGO, Illinois, September 1.—Federal authorities today announced that they had information that "Reds" planned to kidnap presidents of the New York Central, the Pennsylvania and the Rock Island railroads. The identity of the leader of the radicals is known. His South Side home here is being watched, according to authorities. He issued instructions to his lieutenants to look up the home addresses of the road presidents "so that we can either kill or kidnap them or take their children." Arrests were expected today in all parts of the country.

Atlanta Ga., Sept. 1.—Authorities were confident today they had nipped in the bud a plot to dynamite the railroad shops here. This plot also included the blowing up of sleeping quarters of men employed in the shops. Evidence has been unearthed here showing that a systematic canvass of men had been made for the purpose of procuring funds for supplying the necessary explosives.

Albuquerque, New Mexico, Sept. 1.—A bomb factory which was alleged to furnish bombs for use of railroad radicals was discovered here, police

stated, following the arrest of two men alleged to be connected with the establishment.

Cleveland, Ohio, Sept. 1.—Guards at the New York Central belt line bridge over the Cuyahoga River near here were driven from their posts early today by a fusillade of shots. The shots were fired by four men whom the guards surprised digging a hole at the foot of one of the concrete supports. Police searched the vicinity but no trace of the men could be found. It is believed it was an attempt to blow up the bridge.

Most Sweeping and Far Reaching Injunction Granted at Request of Attorney General Against Strikers

Armed To Prevent Union Heads From Conducting
Railroad Strike Because Transportation
Systems Were At Breaking Point And National
Disaster Is Near Unless It Is Broken.

IT IS NOT OPPOSED TO LABOR UNIONS

CHICAGO, Illinois, September 1.—The United States government moved today to aid the railroads to break the strike of shopmen. Harry M. Daugherty, United States Attorney General, today appeared personally before United States District Judge Wilkerson and asked the granting of a blanket injunction to prevent the strikers interfering in any manner with the men now working in the shops. The injunction was asked in Chicago as the headquarters of the strikers are here and the Railroad Labor Board, in whose interest Daugherty is acting, is located in this city.

Chicago, Illinois, September 1.—The injunction petition was characterized as one of the most far-reaching and drastic ever requested of a Federal Court in a labor dispute. If granted union officials would be restrained from issuing any suggestions or public instructions to its members regarding the conduct of a strike. The funds of the union would be tied up and no money could be used to further the strike. The Court was requested to prevent picketing, gatherings of strikers or any acts which would hinder the operation of trains carrying the United States mails or interstate commerce.

Chicago, Ill., Sept. 1.—A sweeping temporary injunction preventing union heads from conducting the strike of railroad shopmen was granted today by Federal Judge James Wilkerson. The petition for the restraining order was presented to the court by Harry W. Daugherty, United States Attorney General, who made a lengthy statement in support of the measure. Daugherty explained that the transportation systems of the country were near the breaking point and that a national disaster

was near unless steps were taken to aid the railroads in breaking the strike.

Daugherty cited new acts of violence would be attributed to the strike, declaring that thousands of appeals had reached his office for assistance in bringing about an end of such acts. "It is with great regret that I am compelled to take this action on behalf of the Government, but there is no other course open and under the circumstances I have not the slightest fear or doubt of the Government's position," Daugherty said. He then outlined the failure of the efforts made by President Harding to bring about a settlement of the strike and quoted from the President's speech of August 18th: "Tomorrow it will be said by some persons more malicious than truthful that this position is a death blow to the unions," Daugherty said. "Let me today start the truth on its way in advance, that in my judgment this move is necessary for the protection and the preservation of the unions themselves. The Government of the United States is not opposed to labor unions if they perform such functions as can be performed in a lawful American manner, but it must be understood that, insofar as I can speak for the Government of the United States, that I will use the power under my control to prevent the labor unions of the country from destroying the open shop."

MIDVALE-REPUBLIC-INLAND STEEL MERGER DECLARED BY FEDERAL TRADE BOARD IN VIOLATION OF TRADE COMMISSION ACT

Washington, D. C., Aug. 31.—The Federal trade commission today issued a formal complaint charging that the proposed Midvale-Republic-Inland steel merger is an unfair method of competition in violation of the Federal trade commission act. It is similar to the recent complaint against the proposed merger of the Bethlehem and Lackawanna Steel companies.

In a statement announcing the complaint Nelson B. Gaskill, chairman of the commission, explaining that Attorney General Daugherty recently had informed the Senate that the proposed merger was not in violation of the Sherman anti-trust act, declaring that in this case it is unnecessary to consider whether the Sherman law or the Clayton law have been or will be violated, inasmuch as it appears to a majority of the commission that the proposed merger is in violation of Section 5 of the Federal trade commission act, which says:

"Unfair methods of competition in commerce are hereby declared unlawful."

SIX PEOPLE MEET DEATH IN MISSOURI TRAIN WRECK; ELEVEN PERSONS ARE INJURED ON THE BIG FOUR IN INDIANA

Memphis, Tenn., Sept. 1.—Six persons were killed and a number injured when two coaches of a Frisco passenger train crashed through a trestle over a small creek near Wintenberg, Mo., early this morning.

Indianapolis, Ind., Sept. 1.—Eleven persons were injured when a Big Four passenger train ran into an open switch and plunged into a freight train at Bowersburg early today.

HOUSE PASSES ADMINISTRATION'S FUEL CONTROL BILL BY LARGE MAJORITY; IS AMENDED TO END JANUARY FIRST, 1924

Washington, D. C., Aug. 31.—The administration bill for control and distribution of coal during the mining and transportation emergency was passed today by the House, 214 to 61 and sent to the Senate with assurances of early consideration. Only one change was made in the measure, as originally framed, an amendment by Representative Sanders, Republican, Indiana, providing that the life of the law should end January 1, 1924, or a few weeks after the first regular session of the next Congress, being passed 122 to 77.

In the Senate, as soon as the soldier bonus bill had been disposed of, attention was turned to coal legislation, the Borah substitute for the House bill passed last week creating a fact finding commission being taken up. Two hours of debate however, showed the impossibility of action on the measure today and it went over for further consideration tomorrow.

Fight Over Power
The big fight of the day in the House was in the section of the control and distribution measure, which gave the President the right, after

issuance of a Presidential proclamation declaring the present emergency no longer in existence, to proclaim the existence of another such emergency without asking leave of Congress. The action was voted out in committee of the whole 85 to 65, but was put before the House proper, Chairman Winslow of the interstate commerce committee, in charge of it, demanded and obtained a record vote and the section was returned 148 to 124.

Representative Rayburn, Texas, Democratic member of the interstate commerce committee, offered the motion to strike out, and he was supported by Chairman Madden of the appropriations committee; Representative Graham, Republican, Pennsylvania and some leaders of both parties. Previously Winslow had sought to amend the provision so as to give Congress the right to say if an emergency prevailed in the coal mining and railroad world, but his motion to this effect was defeated through the votes of members who were confident the entire section would go out.

ODDS AND ENDS AND THINGS

By J. D. C.

The fellow who evolved the following "Tragedy Recipe" must have had vision of conditions in this section. Is recipe follows:

"Take one reckless, natural born fool. Two or three drinks of bad liquor. A fast, high-powered motor car. Soak the fool well in the liquor, place in the car and let him go. After due time, remove the wreckage, place in black, satin-lined box and garnish with flowers."

The September issue of Hearst's International Magazine contains a moving story of 'A Coal Miner's Life' from the pen of John Brophy, of Clearfield District No. 2 United Mine Workers of America, which district embraces fourteen Central Pennsylvania counties and has a membership of 43,000 men.

President Brophy who is recognized as one of the most sagacious and best informed labor leaders in the U. M. W. of A. details his life's history in telling the story of a coal miner's life. It is a plain unvarnished tale made doubly eloquent and successful by its straight forward lucidity and readily apparent truth throughout.

President Brophy is not only a coal miner himself, but comes of a long line of coal digger ancestry, his great grandmother having worked in the mines of England. He was born near Liverpool, England, Nov. 6, 1883, and entered the mines at Philipsburg with his father when but 11 years of age, and had one year of schooling, which got him as far as he third reader.

The story of the clear-headed, hard working miners' leader is well worth reading. In summarizing and preaching his gospel of organization, Mr. Brophy says:

In District Two, there is a successful cooperation movement, with over twenty stores, and a central association, conducted by T. D. Stiles. We have a paper, the Penn Central News, devoted to labor and cooperation, and controlled by the cooperative movement and the United Mine Workers. Our organization has authorized careful investigations into car-pushing workers' compensations and conditions in the non-union fields.

Two years ago, we began the campaign for the Miners' Program. It is a campaign of education by pamphlet, steering, workers' education, labor press and labor research. We miners are Americans, and have respect for

American institutions. We hope to bring changes about in the American way, in the way that is provided for under our Constitution, in accordance with law.

I believe in the necessity for organization. Organization is the opportunity and the way of doing things. It is not a piece of machinery, but a group of human beings with a common purpose.

Some men with ideas of a better social order have tried to work alone or in small groups outside the union. But always the problem has been for me, How can these ideas function in organization? I have slowly worked out the adjustment between progressive ideas and trade unionism in order not to make the absolute break. I reserve the right of mental freedom inside the organization. But I do not forget that the union is the way of service in the mining community. What family and friends are, the Union is. A man's philosophy is his suffering. The Union is the answer to human suffering and loneliness. It is the cure of distress and wrongs.

Even today non-union towns are towns of fear. Non-union miners are afraid of the boss, spies and spotters, gunmen and coal-and-iron police. They fear the blacklist on their job and eviction from their home. They are afraid to tell the boss what

wages they want, and afraid to demand pay for dead work. They do not dare to ask for a checkweighman to weigh their coal, nor to trade at the cheapest store, nor to meet and discuss their problems as free Americans.

But in a union community, after a year of privation, men will give up their meagre job to save the union. What is it that makes a union indelible? It isn't wages and hours alone. It is that union men are free men. Union towns are free towns. Union miners have the right of free speech, free assembly, collective bargaining, a checkweighman, the right to trade and live and act as they please. Organization brings freedom. For that, once it has been won men will starve, fight and die."

THINK RAILROAD GUARD MURDERED

Crawfordsville, Ind., Sept. 1.—Mystery surrounds the death near here of Ray Jolley, aged 25, a Big Four railroad guard, whose body was severed by a freight train in the yards of that road early today.

Largest Seaweed.
The kind of seaweed known as kelp is said to be the largest, or at least the longest, in the world, sometimes attaining a length of 1,500 feet.

ATTENDED PUNNY FAIR

The following Clearfield people were among the number from this section who attended the Punzy fair yesterday:

E. E. Oreutt, Ferd Mignot, D. D. Guppy, A. L. Kline, Geo. D. Welch, W. P. Norris, William Beck, Mr. and Mrs. Fred Thompson, Mr. and Mrs. Joseph Lehman, F. M. Ellis, Fred B. Leavy, Ray Bellis and J. D. Connelly.

HEAR REV. HAYES AT THE GOSPEL TENT

Rev. Fred Hayes of South Fork, Pa., will speak and sing at the gospel tent near the B. & P. station, Clearfield, Pa., from Monday, Labor Day, to Friday evening. Rev. Hayes is a sweet singer and real gospel preacher. Come and hear him.

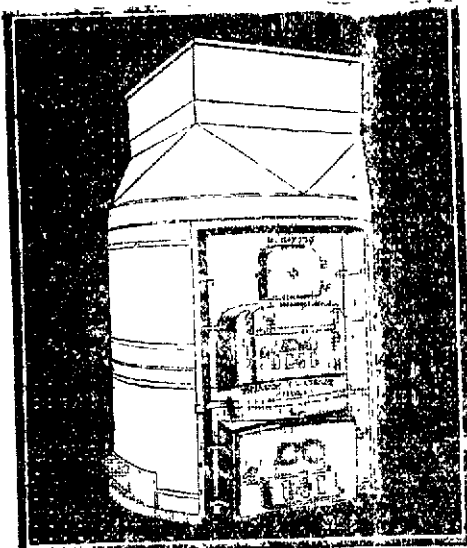

HIS FORD LANDED ON HIM

Lee Haney, clerk at the Irwin Drug Store, is out of commission for some time with a broken arm received in a battle with an unruly Ford which he was engaged in winding up.

WOMAN'S ILLS MAKE UNHAPPY HOME

There is no question but what the ill of women conspire against domestic harmony. The husband cannot understand these troubles and the physician finds it hard to cure them; therefore the overworked wife and mother continues to drag around day in and day out with headaches, backache, fretful and nervous.

Such women should be guided by the experience of women whose letters we are continually publishing in this paper. Many of them declare that they have been restored to health, strength and consequent happiness by Lydia E. Pinkham's Vegetable Compound after doctors and all other medicines had failed to help them. It will surely pay women who suffer from such ailments to try it.

NEW SLAVES FOR OLD
If you were asked whether you favor the extension of slavery you would be aghast. It is a question which apparently admits of but one answer, and yours would be a decided one.
But day by day and year by year slavery is increasing in the world.
It is the sort of slavery to bring joy to the heart of every man and woman of ideals and aspirations.
For with every new slave made, an old one is released. Man is a parasite upon the body of the world. He feasts upon things he has not created, and he forces the lesser creatures to do his work for him.
First his mentality was so crude that he sought to master only puny humans like himself. Thus was human slavery introduced, the most despicable institution in man's history.
A little later, and he tamed the dog. The horse, the camel, the elephant came under his sway—always the servant was more powerful, so exerted greater force.
While man wrought his havoc thus in the animal kingdom, the vegetable realm was not spared. Wood served for our fuel and houses, fruits and other growing things for our food.
Now a big step is being made. Having largely released the animals from our slavery, we are letting the vegetable things slip one by one to freedom.
Minerals are our own slaves, the most powerful of all, the hardest to tame, the most potential for accomplishment. One day man will have complete mastery over the mineral kingdom, and then the slavery of other humans, of animals and of all living things, will be at an end. We do not yet see how this is to come about. But man, first the puny parasite, now the conqueror, will work out his salvation in this way and no other.

4 BILLION DOLLARS
Continued From Page One
The plan is placed at \$3,364,909,481; farm and home aid, \$412,425,000; vocational training, \$52,325,000; and cash payments to veterans receiving \$50 or less, \$16,000,000.
Effective January 1, 1923
As amended by the Senate, the bonus would become effective January 1, 1923, and would provide three optional plans for veterans of the World War other than those whose adjusted service pay would not exceed \$50. There would be paid in cash. The options are:
Adjusted service certificates, payable in 20 years or sooner at death and containing loan provisions.
Vocational training aid at the rate of \$1.75 a day up to a total of 140 per cent of the adjusted service credit.
Aid in purchasing a farm or home, the total amount to range from 100 per cent of the adjusted service credit, if the money were advanced in 1923, to 110 per cent of the adjusted service credit if the payment were made in 1929 or thereafter.
Adjusted service may, or a trusted service credit, would be figured on the basis of \$1 a day for domestic service and \$1.25 a day for foreign service, less the \$60 paid at discharge. But in no event could the amount of the credit of the veteran who performed no overseas service exceed \$5500 and the amount of the credit of the veteran who performed any overseas service exceed \$625.
Adjusted service certificates would have a face value equal to the sum

OYSTERS!
The Season Opens Tomorrow
Once more does the luscious bi-valve of the Chesapeake Bay come to be the main piece de resistance and, as usual, we're ready for the opening day with a plentiful supply.

MEXICO SEEKING

Continued From Page One

agreement would be ratified at once. President Obregon will submit his presidential message at the opening session. No indication has been given as to the contents of the message and no advance copies have been given to the press. It is believed, however, that the president will outline definite policies of the government and will make a definite statement relative to recognition of Mexico by the United States and other countries.

Preliminary sessions of the chamber of deputies at an electoral college were begun August 15 and all credentials passed on. The new congress will be able to get down to business immediately and will not have to delay in formation.

WILL IMPROVE ROADS

Continued From Page One

vene the properties of the Punxsutawney and Stone Run hunting clubs, and the Forestry Department will join with these land owners in improving the mountain road mentioned in a community of interest spirit, the road being very necessary for the Department to transport supplies, etc., over the route from one end of their forest lands to the other.

When the Stone Run club completes the mile of road through their property as has been done by the Punxsutawney Club, the work of building and improving the road will be completed.

During the operations of Mr. Bowens and his crew, they cut over two hundred saw logs, which will be hauled to the Long mill on the Penfield road and sawed into timber and it is expected will yield income sufficient to more than pay for the expense of cutting the timber and underbrush.

When finally improved, this road will make possible one of the most picturesque drives in this region, making possible a trip of almost forty miles right through the wilderness, which is used for no other purpose than hunting and fishing.

FARM FOR SALE

I offer the following farm and its contents for sale at a real bargain to a quick buyer. Just the farm for any man to make a good investment and start in farming.

Farm known as the James Norman farm, located in Lawrence township near O'Shanter, Pa. Five minute walk to New York Central station.

Acreage, 85.
50 acres cleared in good state of cultivation.
35 acres in woodland estimated as follows:
20,000 pines.
12,000 motor ties.
9,000 feet hemlock.
16,000 feet of pine.
10,000 feet of hardwood.
200 Railroad ties.

This farm is underlaid with three seams of coal, namely B, C, and C Prime good workable seams.

Good eight-room house practically new. Good barn forty feet square. Two good work horses that weigh 1,200 each. Two good milk cows. Four head of young cattle. Seventy-five chickens, two hogs, wagon and harness, cow, plow, and various other implements too numerous to mention. Twelve tons of timothy and clover hay in the barn. Two hundred and twenty dozen of oats, five acres of good corn. Five and one-half of good buckwheat. Three acres of good wheat, one and one-half acres of potatoes.

Good peach orchard on the farm. Good apple orchard on the farm. Good spring water on the farm. Running water in the house. House is illuminated by acetylene gas.

For particulars communicate by letter or by phone, Room 6, Penn. Public Service Building, both phones: H. & C. 492, Bell, 194, Clearfield, Pa.

Isaac H. Robinson

LEGAL

4 BILLION DOLLARS
Continued From Page Four
adjusted service certificate any amount not in excess of 50 per cent. of the total or adjusted service credit plus interest thereon from the date of the certificate to the date of the loan, at the rate of 4 1-2 per cent a year.

Government Would Pay
Should the veteran fail to pay the principal and interest of the loan within six months after its maturity the Government would pay to the bank the amount of such principal and interest and take over the certificate. This would be restored to the veteran at any time prior to its maturity upon receipt from him of the amount paid by the Government to the bank plus interest on that amount at the rate of 4 1-2 per cent. a year, compounded annually.

The rate of interest charged the veteran by the bank could not exceed by more than 2 per cent a year the rate charged at the date of the loan for the discount of commercial paper by the Federal reserve bank for the Federal reserve district in which the bank was located.

If a veteran died before the maturity of the loan the Government would pay to the bank the principal and interest and to the beneficiary named by or to the estate of the veteran the face value of the certificate less the amount paid to the bank.

After January 1, 1926, veterans holding certificates could make direct application through postmasters for loans.

If such loan were made at any time not more than three years after the date of the certificate it could not exceed 50 per cent. of the sum of the adjusted service credit of the veteran plus interest at 4 1-2 per cent. a year from the date of the certificate to the date of loan.

If the loan were made at any time more than three years after and not more than six years after the date of the certificate the sum could not exceed 85 per cent of the adjusted service credit plus interest at 4 1-2 per cent from the date of the certificate to the date of the loan.

If the loan were made at any time more than six years after the date of the certificate the sum could not exceed 70 per cent of the adjusted service credit increased by 25 per cent plus interest at 4 1-2 per cent from the date of the certificate to the date of the loan.

Could Repay Loan
The veteran would repay the loan

upon an amortization plan by means of a fixed number of annual installments sufficient to cover interest on the unpaid principal at the rate of 4 1-2 per cent. and such amount of the principal as would extinguish the debt within an agreed period not exceeding the life of the certificate.

If a veteran failed to make any payment when due the secretary of the treasury at any time prior to the maturity of the certificate would cancel the note and restore the certificate to the veteran upon receipt of all installments in arrears, together with interest at 4 1-2 per cent, compounded annually, upon each such installment from the time when due.

In event of the death of the veteran before maturity of the loan, the loan and not would be cancelled and the Government would pay to the beneficiary named by or to the estate of the veteran the face value of the certificate less the principal of and interest on the Government loan.

The certificate of a veteran would be cancelled only in case he failed to redeem it before its maturity or if he failed to make any payments when due and such default continued to his death.

To Pay for Homesteads

The land settlement aid option of the House bill has been stricken out and the Smith-McNary reclamation bill substituted. Under that measure veterans would be given preference in employment or reclamation projects and in obtaining homesteads on land reclaimed. They would be required, however, to pay for such homesteads without further Government

aid, on the same footing, as other homesteaders. Settlement would be open to all veterans of the World War, the Spanish American war and the Philippine insurrection, and irrespective of whether they had received any compensation from the Government under the bonus bill or other legislation.

The veteran's choice among the options chosen would be made by application filed by the secretary of war serving in or his last service were with the military forces; or with the secretary of the navy if he were serving in or his last service were with the naval forces. Such application might be made at any time after the passage of the bill and would have to be made personally by the veteran except in the case of physical or mental incapability, in which event would be made by such representative of the veteran and in such manner as the secretary of war and the secretary of the navy might jointly by regulation prescribe.

Perfume Took Name From City.
The original recipe for the famous perfume, eau-de-Cologne, was discovered by an Italian living in Cologne in 1700.

Uses of Liberty.
Brethren, ye have been called unto liberty; only use not liberty for an occasion to the flesh, but by love serve one another.—Galatians 5, 13.

Window Panes.
To take paint off window panes try washing with vinegar.

SEND IN THAT RED ENVELOPE NOW

TIRE PRICES HAVE BEEN REDUCED!
WE HAVE REDUCED THE LIST PRICE OF CORONADA CORDS TO CONFORM WITH THE NEW LISTS OF OTHER TIRE MANUFACTURERS. AND WE HAVE GONE A STEP FARTHER—WE GIVE THE CAR OWNER A FURTHER SAVING OF 20 PER CENT. FROM THE NEW LOW LIST.

You can buy many brands of tires at low prices—and the quality is usually as low as the price.

Occasionally you can buy a good tire at a bargain—providing your need and the special sale happen at the same time.

You can always buy a
CORONADA CORD
at a saving of 20 per cent over any other Cord Tire of equal size and quality.

By confining our distribution to nearby territories, eliminating all jobbers' and brokers' commissions, and all extravagant advertising, we effect a saving of 20 per cent, and this saving is passed on to the consumer.

Before you purchase your next tire stop at our Sales Depot and examine CORONADA CORD. You need be no tire expert to recognize the large oversize, the extra weight and the "Quality Feel" of the material used, which makes CORONADACORD TIRES and TUBES the leader wherever they are offered for sale.

Compare size and price of Coronada Cords with other cords and read how we can give you size, quality and also a saving in price.

Do Not Be Misled

At one time the word "cord" was synonymous to the highest quality in the tire industry. This is no longer true. Many manufacturers, including some of the largest, have yielded to the pressure for a cheaper tire and have built a smaller one to fit the price.

The extra size contributed as much to the long service originally rendered by cord tires as did the cord type construction. The smaller undersize tire cannot possibly give the unequalled service of the large oversize cord tire.

Do not be confused by the many different prices quoted on so-called "Cord Tires." If you are looking for quality and service, be sure to get the full oversize cord.

At your dealers or our direct factory sales and service depots. A quality over size Cord Tire at a saving of 20 per cent.

Special Consumers' Prices

In effect in territories where CORONADA CORDS are supplied by our direct Factory Sales Depot.

NEWS OF
OUR
NEIGHBORS

CURWENSVILLE

Yesterday was the last day on which the merchants of this town will close their stores on Thursday afternoons and at six o'clock in the evening during week days. This change will be a great benefit to the rural residents who can now do their farming and come to town in the cool of the evening and do their shopping.

Kelly Bloom is running his coal mines, situated near Hogback, full tilt these days. He employs nineteen men and his output foots up to above sixty tons per day.

Samuel Williams and family desire through the medium of the Curwensville column to express their sincere thanks for the many kindnesses shown them during their recent bereavement, the illness and death of their beloved wife and mother.

Mr. and Mrs. Boyd Smith and son, of Watonsontown, Pa., accompanied by Mr. and Mrs. C. S. Smith, came to Curwensville by auto and spent several days in the home of Mrs. Venie Mill on North Thompson street.

Mrs. Cora Rabold, who resides in Altoona, is a town visitor this week, spending the time among her relatives. She was a daughter of the late James Norris.

Wier Bloom left Curwensville this morning for Wilmington, Del., where he expects to spend the next couple months. He is a carpenter by trade and worked in that city for several years.

David R. Fleming is spending a couple days in Altoona on business.

Born, in Clearfield hospital on Wednesday, a daughter to Mr. and Mrs. Larson.

Rev. J. C. Collins, pastor of the M. E. church, is fast gaining fame as a platform lecturer. Thursday afternoon he went to Centre church near Osceola, and delivered his pleasing and instructive lecture entitled, "The House That Jack Built."

Wednesday the official board of the M. E. church met in conclave and discussed ways and means of remodeling and renovating that edifice. The outcome of their deliberations resulted in giving to F. L. Robison & Son, this place, a contract for the painting and frescoing of the interior of the building. The work will be started at once and completed in time specified in contract.

Several changes in the ownership of town properties have taken place recently. Miss Rebecca Stover has sold to Joe Pedro a small house on the lower end of George street. Consideration, according to deed transfer, \$1,900. John Commeto sold to Ernest Weis a property on North Thompson street, known as the Chas. L. Frank property, for the sum of \$2,500. Chas. Eckert disposed of a property in Nulton to Robert A. Russell, receiving the sum of \$2,300 for all right, title and interest.

It is said that the principal reason why the work on South Side street is lagging so far behind is that stone used in the concrete mix is being condemned by the inspector as being too small. This we surmised by a conversation overheard between two men who seemed to know what they were talking about.

Mrs. Lew J. LaPorte left today on for Olean, N. Y., where she will spend several weeks with a daughter, Mrs. B. A. Shearer. On her return he will stop off at Hazelhurst and spend several days, and bring home with her her little grandson, Billie Hudson.

It is now definitely settled that the factory project is a go and that ground will be broken for the erection of the buildings within a short time. There seemed to be a little vacation.

E. E. Smith, Prop.
H. & C. Phone 302-J Bell Phone 59-R

about some of the arrangements and also the ground which had been decided upon. We are informed that the factory will now be built on Irvin hill, instead of the ground next to the tannery, as had partially been decided on a few days ago. It seems to be a new departure in the shoe manufacturing business, that of making seamless shoes, but the promoters seem to have unbounded faith that the shoe will be a seller on the market when once it is properly introduced. There are men in this community who laid many objections in the way of the factory locating here and refused to take any stock in the concern, yet these same fellows have objected for years back to any industries coming into our midst, and to quote one of them, "I would rather be a big man in a small town than a little man in a big town." And there you have it.

Curwensville people who attended the Fruit Hill picnic inform us that there was an immense crowd on the grounds, hailing from all points of the county compass.

Water in the streams is very low at present. Many of the mountain brooks are dried up entirely and dead fish can be seen all along the shores until a sufficient water is reached by which they can exist.

BIGLER

William Tawey was a business caller at Johnstown on Monday.

Frank Miller of Ford City visited at the home of W. D. Walker last week.

Mrs. Samuel Stevens and daughter Martha were shopping in Clearfield Tuesday the 20th.

Miss Elizabeth Walker visited her friend Miss Ruth Taylor at Osceola Mills last week.

Mrs. June Dixon and daughter Gertrude of DuBois spent the week end at the home of Mrs. Maudie Bush.

Mr. and Mrs. Lloyd Stevens and children spent Sunday with the latter's sister, Mrs. Clarence Peters, at Blids Ball.

Mildred Shugarts of Huntingdon and Catherine Bloom of Altoona are visiting at the home of Mr. and Mrs. Hamilton Bloom.

Mrs. Cora Eckley and son and daughter, Matthew and Elizabeth, of Pittsburgh are visiting their cousin, Mr. and Mrs. Maurice Bush.

Mrs. Wayne Taylor and children, and Mrs. Ray Louder and children spent Wednesday with the former's sister, Mrs. Clarence Peters, at Blids Ball.

Violet Morris, daughter of Mr. Ella Morris, who was knocked down by an automobile Sunday evening at Blids Ball, was taken to the Clearfield hospital, where she is getting along as well as can be expected. Her collar bone was broken and she was badly bruised about the face and head.

WOODLAND

Little Beckie Calfer had the misfortune last week to fall and break her collar bone.

Master Lynn Palmer, of New Washington, visited last week at the home of his uncle J. N. Palmer, his sis. Mildred is visiting this week at the same home.

Miss Edith Brett, of Pittsburgh is visiting her aunts the Misses Kate and Margaret Brett.

Miss Jessie Walker has returned on a visit to her aunt Mrs. Lettie Folsom at New Bethlehem. Her cousin Ruth accompanied her home to visit relatives here.

Mr. and Mrs. Fred Shugarts, and children and Mr. and Mrs. Blake Shugarts of Clearfield spent Sunday with relatives here.

Mrs. DeLeon, of Philadelphia, is visiting at the home of her sister Mrs. S. S. Swift.

Miss Effie Gingery is home from Washington, D. C. for her summer vacation.

A number of our people attended and enjoyed the concert in the Clearfield Driving Park by the American Legion Band.

Mr. and Mrs. Reed Barger and Mr. and Mrs. N. G. Stewart and family spent Sunday at the Still House Hunting Camp in the Green Woods.

Willard Snyder of Pittsburgh, is visiting his mother Mrs. George Snyder.

Mr. and Mrs. Chas. Palmer have returned from their trip to Massachusetts. Unfortunately they have not yet been able to locate their automobile which was stolen while parked in Springfield, Mass.

Charles Rodifer and daughter, of New York City and sister Miss Gustie of Bigler visited the former's brother Ralph at his home here on Saturday last.

Mr. and Mrs. Fred Herbert, Jr., attended a party on Wednesday evening at the home of Miss Maude Gelpert in Clearfield.

Miss Twila Biggleman, of Mineral Springs, has returned from a visit to friends in Grampian.

Ralph Hoffman, of Pittsburgh and Ernest Hoffman, of Hamov, visited this week at the home of Mrs. Robt. Mitchell.

It was reported last evening that Clair Young, the young Woodland man who was injured in the Woodridge Coal Mine near Woodland on Tuesday morning and was taken to the Clearfield Hospital for treatment from X-ray pictures taken show that his back was broken though it is thought the spinal cord is not injured.

In the game of base ball played at Woodland on Thursday afternoon the

SCHOOL DAYS,
SCHOOL DAYS,
DEAR OLD GOLDEN
RULE DAYS

They're coming on apace and your kiddies will want to start the year with a complete outfit of pencils, pencil boxes and everything dear to the heart of the youngster on the first day of school.

Of course, your children will be furnished with some things by our provident school board but the little frills, the little things that are dear to the kiddies' hearts, are not furnished—and you'll want to have them start with a light heart.

We have everything ready for them.

JERSEY COAST IS ON
HUNT OF ALLEGED
WHITE SLAVERS

Ocean City, N. J. Sept. 1.—Kidnapped by white slavers a young girl calling herself Mabel Gilmore today may be held prisoner aboard an ocean going tug-boat off the New Jersey Coast. First word of the girl's plight came in a message found in a bottle on a piece of brown paper with a lead pencil. This note said: "Help. If anyone should find my plea for God's sake come to my rescue. Five men drugged me and dragged me on board a tug three days ago where I

Woodland boys got even with Blue Ball for the defeat they suffered at their hands in the 10 inning game of last week when the score was 8-7 in favor of Blue Ball. The score of the game on Thursday was 12-4 in favor of Woodland.

The Philathea class of the M. E. Sunday School, their husbands and gentlemen friends picnicked at Mineral Spring Park on Thursday afternoon and evening.

am being used for immoral purposes by the entire crew. They would kill me if they caught me writing but they are all drunk and singing songs I know I am somewhere along the Atlantic Coast! Come, for God's sake, come, help!" The note is dated August 25th, 1922, and signed Mabel Gilmore.

Although there is a possibility that the note may be a hoax, authorities are exerting every effort to trace the writer. Police Chief Johnson of Ocean City, said today that he had investigated thoroughly and was satisfied that no girl by the name of Mabel Gilmore was missing from Ocean City. He said he was first notified of the finding the message in the bottle by the police of Atlantic City but that he had not seen it himself.

Greenwich, Conn., Sept. 1.—In a semi-dazed condition and perhaps suffering from a mysterious malady, Miss Betty Tomlinson, pretty Washington D. C., stenographer, today

—to Help Your Hens Over the Moulting Season
Now is the time to prepare your hens for big egg production during the fall and winter months. Don't let them linger along from four to six months moulting. Get them through the moult QUICK, because a moulting hen is an expense instead of a producer. Every day counts and the feeding method you employ now determines the profits biddy will produce for you later on.

Try the FUL-O-PEP Way
The best known feeding method during the moulting season, is half FUL-O-PEP DRY MASH and half FUL-O-PEP GROWING MASH. Keep it before your hens all the time and you will be agreeably surprised how quickly they will finish moulting and be back on the nests, shelling out the eggs in large numbers.

enable poultry raisers to get results from poultry that at one time were considered impossible. Ful-O-Pep Growing Mash for growing birds enables you to produce big healthy, early laying pullets at less cost than any feed known. Keep it before the growing stock all the time—don't stop feeding it until pullets are six months old. Then feed Ful-O-Pep Dry Mash—the feed that makes more eggs raisers. Poultrymen everywhere are getting real results from these guaranteed feeds. Feed the Ful-O-Pep Way and your success with poultry is assured. The famous Ful-O-Pep line of poultry feeds was originated and is produced by The Quaker Oats Company, Address Chicago, U. S. A., the largest manufacturers of Poultry feed in the world.

JORDAN'S

SECOND ANNUAL
H. & C. PICNIC

The employees of the H. & C. Telephone Company are indebted to the Trustees of the View Point Rod & Gun Club for the courtesy of using their Club House for their Second Annual picnic.

A fleet of eight automobiles and trucks left the Company's office about 10 a. m. yesterday with more than fifty of the employees and guests, including the entire general office force as many of the operators and general help as could be spared, including employees as far east as Philipsburg and as far west as Barnesboro.

The conditions at View Point are ideal, and the spacious porches were used for the dinner, of which spring chicken was the "piece de resistance" will all the accessories. A victrola gave music for the young folks dancing, and quitoes entertained some of the more sedate male members.

A supper of wieners, roasting ears, peaches, cake, ice cream and accessories was served the crowd as the shadows deepened and the moon shone brightly.

Mr. W. H. Wilson, the genial General Manager was the ruling spirit of the occasion, and with Mrs. Wilson, chaperoned the party and were last to leave the grounds. We all reached home while the moon was still high in the western skies, realizing that it had been an ideal day in every particular.

One of the Party

HAND TORN OFF IN
MERRY-GO-ROUND

Samuel Nef, a Jordan township resident, met with a distressing accident at the Fruit Hill picnic grounds last evening which resulted in the loss of his right hand.

The Fruit Hill Picnic Association owns a merry-go-round which is operated during their annual picnic. The machine was in operation yesterday and Mr. Nef, who is about 35 years of age, with a wife and two children, was helping to run it. While the merriment was at its height and the merry-go-round was filled to capacity he attempted to oil or adjust

GIVE THE KIDDIES

LOTS OF MILK

They are about to start their school year and they will need all the stamina that you can give them to come thru the year with flying colors.

Their little bodies must be kept in the best of condition to keep pace with their growing brains and without the bodily strength the mental growth will not be as it should.

Give the kiddies all the Clearfield Milk they can drink and you'll see a great difference in their school work over last year. They will forge ahead of the underfed kiddies and bring home reports that are a credit to them as they should be.

Gossip For Tonight's
Tea Table

Mrs. W. E. Mathers and daughter Bernice of East End are visiting relatives in Newport and are attending the Perry County Fair this week.

Mr. and Mrs. J. S. Hastings and daughter Lenore, Mr. and Mrs. H. C. Pooler, Mr. and Mrs. Dorsey Pokenhorn of East End and Mr. and Mrs. Paul Milligan of Pittsburgh made up a party and attended the Fruit Hill picnic yesterday.

Miss Mary Evans is visiting relatives at LaJosa this week.

Miss Ruth Evans has returned home after spending the last two weeks with friends in Barnesboro.

Alex Kreher and family left yesterday for Indiana to spend a week with friends.

something about the machine when his right hand was caught in the wire cable and torn off at the wrist in the twinkling of an eye.

The accident was witnessed by hundreds of people and as the terribly injured man reeled away from the machine with the blood spurting in torrents from the stump of his arm, a veritable panic ensued, many women and children being overcome by the tragic sight.

Nef had lots of nerve and walked from the picnic grounds to an automobile in which he was hurried to a doctor's office where the surgeon's knife repaired as far as possible the damaged arm.

SHIPPING WAR IS
RESPONSIBLE FOR
ACTION OF BRITISH

Washington, D. C., Sept. 1.—The action of Great Britain in withdrawing official powers from the American consulate at Newcastle, England, is the direct result of a smouldering shipping war between American and British interests. While American officials admitted that a serious question has been raised, they point out that there has been a natural clash of interests and that a satisfactory solution of the trouble can be found. A reply will be made to Great Britain regarding its action in withdrawing official recognition from the American consulate. The British government protests that the representatives of the United States are using their official position to coerce British subjects to travel to this country on American ships.

Mourning Clothing Cheap.

In many parts of China, when a man loses his father or a wife her husband they go into mourning by wearing old and dilapidated clothes.

Today's Wise Word.

Beyond the first primeval effect of their beauty there is not much mental excitement to be got out of some women.—G. Burgess

LAST FIFTY FEET TO
GO IN RESCUE OF
ENTOMBED MINERS

Argonaut Gold Mine, Cal., Sept. 1.—Drillers and blasters today attacked the last fifty feet of solid rock separating rescue squads and the forty-seven men entombed half a mile under ground in the depth of the Argonaut Gold Mine. An emergency hospital 3,000 feet below the surface was made ready to give first aid to any of the men who might be found alive. Oxygen tanks and operators were on hand and nurses were in readiness to take care of the victims. Smoke and poisonous gases were being pumped out of the shaft as the rescue workers penetrated deeper and deeper into the last remaining barrier.

School Supplies

We have a lot of things that the kiddies will want for the opening day of school and you'll find that the array contains everything that is dear to the heart of the youngster whether it is the first day of school or whether it is starting another year.

Outfit them here and they will be outfitted right.

Aughinbaugh's

This Autumn's Frocks Are
Beautifully Garnitured

For afternoon affairs madame may still cling to her favored crepe—the heavy Renee and roshanara weaves, but the marked simplicity of seasons past gives way to oriental embroideries of the most elaborate sort and to beading done in solid clusters. Graceful panels often faced in a high shade are very characteristic. The smart street frock of kasha, broadcloth or twill is defined by a very distinctive circular movement.

Prices Range at \$19.75, \$29.75, \$39.75,
up to \$125.00.

Clothes

Aren't

On the

School

Curriculum

But

They're

Important

Just the

Same

The children will be skipping off to school in no time now and on those mornings any old frock or suit won't do as it has all Summer. Girls must look as sweet as peaches and cream and boys as neat as possible. It's going to mean a lot of new clothes but mothers who choose from our special School Clothes display won't have the least difficulty in getting the youngsters' wardrobes into apple-pie order.

NUMBER 205

SOLDIER BONUS BILL IS FINALLY PASSED PLOT TO KIDNAP RAILROAD PRESIDENTS

**4 BILLION DOLLAR ADJUSTED COMPENSATION
VOTED EX-SERVICE MEN BY SENATORS;
PRESIDENTIAL VETO THOUGHT LIKELY**

Generally Accepted That President Harding
Will Nullify Senate's Act As He Is On Record
As Being Against The Bill In The Form In
Which It Was Passed.

HIS VETO CANNOT BE OVERRIDDEN

Washington, D. C., Aug. 31.—The \$4,000,000,000 soldier's bonus bill was passed today by the Senate and new go. to conference.

The vote was 47 to 22 with party lines dropping.

Together with those paired and not voting who opposed the bill, this line up showed 33 Senators against the bill, or a sufficient number to prevent its passage in the event President Harding vetoes it, as many believe he will. The roll call today, however, showed one more than a two-thirds majority of those present and voting in favor of the bill.

Conference Today
Immediately after the passage of the measure the Senate directed that it be returned to the House with a request for a conference. Representative Mondell, of Wyoming, the Republican leader, said the House would send it to conference tomorrow under a special rule.

The Senate conferees named are those who now are working on the tariff bill and the House is expected to appoint its managers on the tariff measure. Since there is no serious dispute between the two Houses on the bonus the conferees are expected to lay aside the tariff long enough to agree to a report on the bonus.

Four hours of debate preceded Senate action, with Senators Lodge, Massachusetts, the Republican leader; Pomeroy, Democrat, Ohio; Reed, Democrat, Missouri; Sutherland, Republican, West Virginia; Trammell, Democrat, Florida, and Heflin, Democrat, Alabama, arguing support of the measure and Senators Sterling, Republican, South Dakota; Owen,

Democrat, Oklahoma, and Watson, Democrat, Georgia, opposing it.

Applause Greets Passage
Neither senators nor spectators manifested particular interest in the proceedings as the discussion progressed, but just before the vote came at 3 p. m. both the Senate chamber and the galleries filled quickly. With the announcement of the results there was applause from spectators, particularly from one section of the galleries where there were a number of ex-service men. No effort was made to prevent this demonstration.

Government experts estimate the total cost of the bonus at \$3,845,659,481 on the basis of 75 per cent of the veterans electing the certificate plan, 22 1-2 per cent the farm and home aid and 2 1-2 per cent vocational training. This cost would be divided annually as follows: 1923, \$77,440,898; 1924, \$92,177,729; 1925, \$73,100,962; 1926, \$370,229,885; 1927, \$148,962,215; 1928, \$137,564,284; 1929, \$92,176,417; 1930, \$36,372,946; 1931, \$25,466,117; 1932, \$21,955,771; 1933, \$18,503,421; 1934, \$18,788,137; 1935, \$19,136,157; 1936, \$19,488,037; 1937, \$27,405,210; 1938, \$27,854,752; 1939, \$28,402,990; 1940, \$13,991,518; 1941, \$7,783,840; 1942, 104,498,263. Total to 1943, \$1,136,741,670; 1943 to 1946, \$2,708,917,811. Total \$3,845,659,481.

This total is exclusive of any appropriations that would be made under the \$350,000,000 land reclamation provision, but under that provision the Government finally would recover those costs. The total of the certificate.

**WILL IMPROVE ROAD
THRU MOUNTAIN
WILDERNESS SOON**

Preparations Are Being
Made for Improving of
Road Thru State For-
ests North of City.

HUNT CLUBS HELP

Harvey Bowers, President of the Punxsutawney Hunting Club, which is co-operating with the State Forestry Department in the improving of the old "McGeorge road" thru the property of the hunting club, has completed the cleaning out of the underbrush and timber along the road from the mouth of the "Four Mile Road" through to Alex Branch of Trout Run. In addition to cutting the timber and brush to clear the road way forty feet wide all the stumps have been blown out and the ground put in shape for the permanent improving of the road.

The Forestry Department, through Forester W. F. Dague, will co-operate in the improving of this road in conformity with the Department's plan for a decent, travelable road through the State forest from Karthaus through to the Penfield road. At present the road through the Karthaus State forest is improved and in fine shape to the point on the old Caledonia pike where the McGeorge road intersects the pike beyond Alex's Branch of Trout Run.

Between this point and the State forest along the Penfield road inter-

**FRENCH CABINET
REFUSES TO GRANT
TIME TO GERMANS**

Paris, France, Sept. 1.—The French Cabinet today refused to concur in the decision of the Allied Reparations Commission and reserved the right to take independent action against Germany. After the despatch of a note to Germany notifying her that the request for a moratorium had been rejected with the provision that this year's payment may be made in short term Treasury notes, France decided to demand the calling of another European financial conference. At this conference it was proposed that interallied debts and reparations will be discussed further.

**AMERICAN VESSEL
RAISES CAIN AT
BUENOS AIRES**

Buenos Aires, Argentine Republic, Sept. 1.—An Argentine gunboat was sunk and five other vessels rammed and badly damaged by the Munson liner American Legion which became unmanageable in the harbor here. Several persons were drowned and four were injured, including officers of the gunboat Pizarro which went to the bottom immediately after the American vessel started running amuck. Passengers were ordered to remain on board the American Legion pending an investigation by the Argentine Government which began today. Conferences are under way between the United States Ministers to Argentina and naval officials. The American Legion as far as could be learned escaped all damage.

**MEXICO SEEKING TO
GET RECOGNITION
AT HANDS OF U. S.**

Nat'l Congress Opens
Session Today Which
Has For Object Entry
To Nations' Union.

TO MODIFY LAWS

By FRED G. NEUMEIER

(United Press)—Mexico's national Congress will open this afternoon for one of the most important sessions in its history, with recognition of the country by the United States as its objective.

Political leaders were confident before the opening that all necessary legislation for recognition would be passed within the thirty days of the session and it was learned that the measures have already been drawn. Legislation necessary for recognition includes a modification of Articles 27 and 123 of the Constitution.

In addition to the recognition legislation, is the agreement with the international bankers made by Minister de la Huerta in New York in July. The agreement has already been approved by President Obregon and will be submitted to the new congress. Leaders of the Cooperista party, which are in the majority in the chamber of deputies, recently stated that they believed this

**EXECUTIVE HEADS OF PENNSYLVANIA,
NEW YORK CENTRAL AND ROCK ISLAND
ROADS SAID TO BE IN GRAVE DANGER**

Government Secret Service Have Plans Of Reds
And Know Name Of Leader Of Plots Which
Were Scheduled To Startle The Country
When Put Into Effect.

WILL KILL OR KIDNAP THE CHILDREN

CHICAGO, Illinois, September 1.—Federal authorities today announced that they had information that "Reds" planned to kidnap presidents of the New York Central, the Pennsylvania and the Rock Island railroads. The identity of the leader of the radicals is known. His South Side home here is being watched, according to authorities. He issued instructions to his lieutenants to look up the home addresses of the road presidents "so that we can either kill or kidnap them or take their children." Arrests were expected today in all parts of the country.

Atlanta Ga., Sept. 1.—Authorities were confident today they had nipped in the bud a plot to dynamite the railroad shops here. This plot also included the blowing up of sleeping quarters of men employed in the shops. Evidence has been unearthed here showing that a systematic canvass of men had been made for the purpose of procuring funds for supplying the necessary explosives.

stated, following the arrest of two men alleged to be connected with the establishment.

Cleveland, Ohio, Sept. 1.—Guards at the New York Central belt line bridge over the Cuyahoga River near here were driven from their posts early today by a fusillade of shots. The shots were fired by four men, whom the guards surprised digging a hole at the foot of one of the concrete supports. Police searched the vicinity but no trace of the men could be found. It is believed it was an attempt to blow up the bridge.

**MIDVALE-REPUBLIC-INLAND STEEL MERGER
DECLARED BY FEDERAL TRADE BOARD IN
VIOLATION OF TRADE COMMISSION ACT**

Washington, D. C., Aug. 31.—The Federal trade commission today issued a formal complaint charging that the proposed Midvale-Republic-Inland steel merger is an unfair method of competition in violation of the Federal trade commission act. It is similar to the recent complaint against the proposed merger of the Bethlehem and Lackawanna Steel companies.

In a statement announcing the complaint Nelson B. Gaskill, chairman of the commission, explaining that Attorney General Daugherty recently had informed the Senate that the proposed merger was not in violation of the Sherman anti-trust act, declaring that in this case it is unnecessary to consider whether the Sherman law or the Clayton law have been or will be violated, inasmuch as it appears to a majority of the commission that the proposed merger is in violation of Section 5 of the Federal trade commission act, which says:

"Unfair methods of competition in commerce are hereby declared unlawful."

**SIX PEOPLE MEET DEATH IN MISSOURI
TRAIN WRECK; ELEVEN PERSONS ARE
INJURED ON THE BIG FOUR IN INDIANA**

Memphis, Tenn., Sept. 1.—Six persons were killed and a number injured when two coaches of a Frisco passenger train crashed through a trestle over a small creek near Wintenberg, Mo., early this morning.

Indianapolis, Ind., Sept. 1.—Eleven persons were injured when a Big Four passenger train ran into an open switch and plunged into a freight train at Bowersburg early today.

**HOUSE PASSES ADMINISTRATION'S FUEL
CONTROL BILL BY LARGE MAJORITY; IS
AMENDED TO END JANUARY FIRST, 1924**

Washington, D. C., Aug. 31.—The administration bill for control and distribution of coal during the mining and transportation emergency was passed today by the House, 214 to 61 and sent to the Senate with assurances of early consideration. Only one change was made in the measure, as originally framed, an amendment by Representative Sanders, Republican, Indiana, providing that the life of the law should end January 1, 1924, or a few weeks after the first regular session of the next Congress, being passed 122 to 77.

In the Senate, as soon as the soldier bonus bill had been disposed of, attention was turned to coal legislation, the Borah substitute for the House bill passed last week creating a fact finding commission being taken up. Two hours of debate however, showed the impossibility of action on the measure today and it went over for further consideration tomorrow.

Fight Over Power
The big fight of the day in the House was in the section of the control and distribution measure, which gave the President the right, after

issuance of a Presidential proclamation declaring the present emergency no longer in existence, to proclaim the existence of another such emergency without asking leave of Congress. The action was voted out in committee of the whole 85 to 65, but was put before the House proper, Chairman Winslow of the interstate commerce committee, in charge of it, demanded and obtained a record vote and the section was returned 148 to 124.

Representative Rayburn, Texas, Democratic member of the interstate commerce committee, offered the motion to strike out, and he was supported by Chairman Madden of the appropriations committee; Representative Graham, Republican, Pennsylvania and some leaders of both parties. Previously Winslow had sought to amend the provision so as to give Congress the right to say if an emergency prevailed in the coal mining and railroad world, but his motion to this effect was defeated through the votes of members who were confident the entire section would go out.

**Armed To Prevent Union Heads From Conducting
Railroad Strike Because Transportation
Systems Were At Breaking Point And National
Disaster Is Near Unless It Is Broken.**

IT IS NOT OPPOSED TO LABOR UNIONS

CHICAGO, Illinois, September 1.—The United States government moved today to aid the railroads to break the strike of shopmen. Harry M. Daugherty, United States Attorney General, today appeared personally before United States District Judge Wilkerson and asked the granting of a blanket injunction to prevent the strikers interfering in any manner with the men now working in the shops. The injunction was asked in Chicago as the headquarters of the strikers are here and the Railroad Labor Board, in whose interest Daugherty is acting, is located in this city.

Chicago, Illinois, September 1.—The injunction petition was characterized as one of the most far-reaching and drastic ever requested of a Federal Court in a labor dispute. If granted union officials would be restrained from issuing any suggestions or public instructions to its members regarding the conduct of a strike. The funds of the union would be tied up and no money could be used to further the strike. The Court was requested to prevent picketing, gatherings of strikers or any acts which would hinder the operation of trains carrying the United States mails or interstate commerce.

Chicago, Ill., Sept. 1.—A sweeping temporary injunction preventing union heads from conducting the strike of railroad shopmen was granted today by Federal Judge James Wilkerson. The petition for the restraining order was presented to the court by Harry W. Daugherty, United States Attorney General, who made a lengthy statement in support of the measure. Daugherty explained that the transportation systems of the country were near the breaking point and that a national disaster

was near unless steps were taken to aid the railroads in breaking the strike.

Daugherty cited new acts of violence would be attributed to the strike, declaring that thousands of appeals had reached his office for assistance in bringing about an end of such acts. "It is with great regret that I am compelled to take this action on behalf of the Government, but there is no other course open and under the circumstances I have not the slightest fear or doubt of the Government's position," Daugherty said. He then outlined the failure of the efforts made by President Harding to bring about a settlement of the strike and quoted from the President's speech of August 18th: "Tomorrow it will be said by some persons more malicious than truthful that this position is a death blow to the unions," Daugherty said. "Let me today start the truth on its way in advance, that in my judgment this move is necessary for the protection and the preservation of the unions themselves. The Government of the United States is not opposed to labor unions if they perform such functions as can be performed in a lawful American manner, but it must be understood that, insofar as I can speak for the Government of the United States, that I will use the power under my control to prevent the labor unions of the country from destroying the open shop."

ODDS AND ENDS AND THINGS

By J. D. C.

The fellow who evolved the following "Tragedy Recipe" must have had vision of conditions in this section. Is recipe follows:

"Take one reckless, natural born fool. Two or three drinks of bad liquor. A fast, high-powered motor car. Soak the fool well in the liquor, place in the car and let him go. After due time, remove the wreckage, place in black, satin-lined box and garnish with flowers."

The September issue of Hearst's International Magazine contains a moving story of 'A Coal Miner's Life' from the pen of John Brophy, of Clearfield District No. 2 United Mine Workers of America, which district embraces fourteen Central Pennsylvania counties and has a non membership of 43,000 men.

President Brophy who is recognized as one of the most sagacious and best informed labor leaders in the U. M. W. of A. details his life's history in telling the story of a coal miner's life. It is a plain unvarnished tale made doubly eloquent and successful by its straight forward lucidity and readily apparent truth throughout.

President Brophy is not only a coal miner himself, but comes of a long line of coal digger ancestry, his great grandmother having worked in the mines of England. He was born near Liverpool, England, Nov. 6, 1883, and entered the mines at Philipsburg with his father when but 11 years of age, and had one year of schooling, which got him as far as he third reader.

The story of the clear-headed, hard working miners' leader is well worth reading. In summarizing and preaching his gospel of organization, Mr. Brophy says:

In District Two, there is a successful cooperation movement, with over twenty stores, and a central association, conducted by T. D. Stiles. We have a paper, the Penn Central News, devoted to labor and cooperation, and controlled by the cooperative movement and the United Mine Workers. Our organization has authorized careful investigations into car-pushing workers' compensations and conditions in the non-union fields.

Two years ago, we began the campaign for the Miners' Program. It is a campaign of education by pamphlet, steering, workers' education, labor press and labor research. We miners are Americans, and have respect for

American institutions. We hope to bring changes about in the American way, in the way that is provided for under our Constitution, in accordance with law.

I believe in the necessity for organization. Organization is the opportunity and the way of doing things. It is not a piece of machinery, but a group of human beings with a common purpose.

Some men with ideas of a better social order have tried to work alone or in small groups outside the union. But always the problem has been for me, How can these ideas function in organization? I have slowly worked out the adjustment between progressive ideas and trade unionism in order not to make the absolute break. I reserve the right of mental freedom inside the organization. But I do not forget that the union is the way of service in the mining community. What family and friends are, the Union is. A man's philosophy is his suffering. The Union is the answer to human suffering and loneliness. It is the cure of distress and wrongs.

Even today non-union towns are towns of fear. Non-union miners are afraid of the boss, spies and spotters, gunmen and coal-and-iron police. They fear the blacklist on their job and eviction from their home. They are afraid to tell the boss what

wages they want, and afraid to demand pay for dead work. They do not dare to ask for a checkweighman to weigh their coal, nor to trade at the cheapest store, nor to meet and discuss their problems as free Americans.

But in a union community, after a year of privation, men will give up their meagre job to save the union. What is it that makes a union indelible? It isn't wages and hours alone. It is that union men are free men. Union towns are free towns. Union miners have the right of free speech, free assembly, collective bargaining, a checkweighman, the right to trade and live and act as they please. Organization brings freedom. For that, once it has been won men will starve, fight and die."

THINK RAILROAD GUARD MURDERED

Crawfordsville, Ind., Sept. 1.—Mystery surrounds the death near here of Ray Jolley, aged 25, a Big Four railroad guard, whose body was severed by a freight train in the yards of that road early today.

Largest Saweed.
The kind of seaweed known as kelp is said to be the largest, or at least the longest, in the world, sometimes attaining a length of 1,500 feet.

ATTENDED PUNNY FAIR

The following Clearfield people were among the number from this section who attended the Punzy fair yesterday:

E. E. Oreutt, Ferd Mignot, D. D. Guppy, A. L. Kline, Geo. D. Welch, W. P. Norris, William Beck, Mr. and Mrs. Fred Thompson, Mr. and Mrs. Joseph Lehman, F. M. Ellis, Fred B. Leavy, Ray Bellis and J. D. Connelly.

HEAR REV. HAYES AT THE GOSPEL TENT

WOMAN'S ILLS MAKE UNHAPPY HOME

There is no question but what the ills of women conspire against domestic harmony. The husband cannot understand these troubles and the physician finds it hard to cure them; therefore the overworked wife and mother continues to drag around day in and day out with headaches, backache, fretful and nervous.

Such women should be guided by the experience of women whose letters we are continually publishing in this paper. Many of them declare that they have been restored to health, strength and consequent happiness by Lydia E. Pinkham's Vegetable Compound after doctors and all other medicines had failed to help them. It will surely pay women who suffer from such ailments to try it.

NEW SLAVES FOR OLD
If you were asked whether you favor the extension of slavery you would be aghast. It is a question which apparently admits of but one answer, and yours would be a decided one.
But day by day and year by year slavery is increasing in the world.
It is the sort of slavery to bring joy to the heart of every man and woman of ideals and aspirations.
For with every new slave made, an old one is released. Man is a parasite upon the body of the world. He feasts upon things he has not created, and he forces the lesser creatures to do his work for him.
First his mentality was so crude that he sought to master only puny humans like himself. Thus was human slavery introduced, the most despicable institution in man's history.
A little later, and he tamed the dog. The horse, the camel, the elephant came under his sway—always the servant was more powerful, so exerted greater force.
While man wrought his havoc thus in the animal kingdom, the vegetable realm was not spared. Wood served for our fuel and houses, fruits and other growing things for our food.
Now a big step is being made. Having largely released the animals from our slavery, we are letting the vegetable things slip one by one to freedom.
Minerals are our own slaves, the most powerful of all, the hardest to tame, the most potential for accomplishment. One day man will have complete mastery over the mineral kingdom, and then the slavery of other humans, of animals and of all living things, will be at an end. We do not yet see how this is to come about. But man, first the puny parasite, now the conqueror, will work out his salvation in this way and no other.

UNLESS YOU START
YOU WON'T ARRIVE
Your income has three uses—to pay yesterday's bills; to meet to-day's opportunities; and to make ready for tomorrow's emergencies.
For the first usage a checking account is a convenience; but for the others an interest-bearing account is essential.
Start one now. Distribute your income so as not to slight your future.
**CLEARFIELD TRUST CO.**
(Temporary Offices—Littman Bldg.)

4 BILLION DOLLARS
Continued From Page One
Adequate plan is placed at \$3,364,909,481; farm and home aid, \$412,425,000; vocational training, \$52,325,000; and cash payments to veterans receiving \$50 or less, \$16,000,000.
Effective January 1, 1923
As amended by the Senate, the bonus would become effective January 1, 1923, and would provide three optional plans for veterans of the World War other than those whose adjusted service pay would not exceed \$50. There would be paid in cash. The options are:
Adjusted service certificates, payable in 20 years or sooner at death and containing loan provisions.
Vocational training aid at the rate of \$1.75 a day up to a total of 140 per cent of the adjusted service credit.
Aid in purchasing a farm or home, the total amount to range from 100 per cent of the adjusted service credit, if the money were advanced in 1923, to 110 per cent of the adjusted service credit if the payment were made in 1929 or thereafter.
Adjusted service may, or a trusted service credit, would be figured on the basis of \$1 a day for domestic service and \$1.25 a day for foreign service, less the \$60 paid at discharge. But in no event could the amount of the credit of the veteran who performed no overseas service exceed \$5500 and the amount of the credit of the veteran who performed any overseas service exceed \$625.
Adjusted service certificates would have a face value equal to the sum

**OYSTERS!**
The Season Opens Tomorrow
Once more does the luscious bi-valve of the Chesapeake Bay come to be the main piece de resistance and, as usual, we're ready for the opening day with a plentiful supply.
We have secured some of the first shipments and the little break in the weather brought them thru in the finest possible shape. This little break in the weather will also give you an oyster appetite that will appreciate the coming of the favorite appetizer.
We have them for frying, broiling and eating with a touch of horseradish or vinegar.

agreement would be ratified at once. President Obregon will submit his presidential message at the opening session. No indication has been given as to the contents of the message and no advance copies have been given to the press. It is believed, however, that the president will outline definite policies of the government and will make a definite statement relative to recognition of Mexico by the United States and other countries.

Preliminary sessions of the chamber of deputies at an electoral college were begun August 15 and all credentials passed on. The new congress will be able to get down to business immediately and will not have to delay in formation.

WILL IMPROVE ROADS

Continued From Page One

vene the properties of the Punxsutawney and Stone Run hunting clubs, and the Forestry Department will join with these land owners in improving the mountain road mentioned in a community of interest spirit, the road being very necessary for the Department to transport supplies, etc., over the route from one end of their forest lands to the other.

When the Stone Run club completes the mile of road through their property as has been done by the Punxsutawney Club, the work of building and improving the road will be completed.

During the operations of Mr. Bowens and his crew, they cut over two hundred saw logs, which will be hauled to the Long mill on the Penfield road and sawed into lumber and it is expected will yield income sufficient to more than pay for the expense of cutting the timber and underbrush.

When finally improved, this road will make possible one of the most picturesque drives in this region, making possible a trip of almost forty miles right through the wilderness, which is used for no other purpose than hunting and fishing.

BIG MENIC

Come to the Sunday School and Labor Day Picnic at Salem U. B. church. Come and bring your basket. Have the time of your life. We will have bands, speakers and an entertainment and other games to amuse you. There will be meals with lots of chicken sold on the ground. 8-31-2t-ch Committee.

Public School pupils will report to their respective rooms on Wednesday, September 6th. An examination of those pupils wishing to try for advanced standing or to make up work will be conducted in the High School Building on Tuesday, September 5th at 9 o'clock a. m. All tuition pupils who have not previously attended Clearfield High School will report to Mr. Kopp at the High School building on Tuesday at 9 o'clock. 8-31-3t-ch

FARM FOR SALE

I offer the following farm and its contents for sale at a real bargain to a quick buyer. Just the farm for any man to make a good investment and start in farming.

Farm known as the James Norman farm, located in Lawrence township near O'Shanter, Pa. Five minute walk to New York Central station.

Acreage, 85.
50 acres cleared in good state of cultivation.
35 acres of woodland estimated as follows:
20,000 props.
12,000 motor ties.
9,000 feet hemlock.
16,000 feet of pine.
10,000 feet of hardwood.
200 Railroad ties.

This farm is underlaid with three seams of coal, namely B, C, and C Prime good workable seams.

Good eight-room house practically new. Good barn forty feet square. Two good work horses that weigh 1,200 each. Two good milk cows. Four head of young cattle. Seventy-five chickens, two hogs, wagon and harness, corn, plough, drop reaper, sleds and mowing machine, and various other implements too numerous to mention. Twelve tons of timothy and clover hay in the barn. Two hundred and twenty dozen of oats, five acres of good corn. Five and one-half of good buckwheat. Three acres of good wheat, one and one-half acres of potatoes.

Good peach orchard on the farm. Good apple orchard on the farm. Good spring water on the farm. Running water in the house. House is illuminated by acetylene gas.

For particulars communicate by letter or by phone, Room 6, Penn. Public Service Building, both phones: H. & C. 492, Bell, 194, Clearfield, Pa.

Isaac H. Robinson

4 BILLION DOLLARS

Continued From Page Four

adjusted service certificate any amount not in excess of 50 per cent. of the total or adjusted service credit plus interest thereon from the date of the certificate to the date of the loan, at the rate of 4 1-2 per cent a year.

Government Would Pay

Should the veteran fail to pay the principal and interest of the loan within six months after its maturity the Government would pay to the bank the amount of such principal and interest and take over the certificate. This would be restored to the veteran at any time prior to its maturity upon receipt from him of the amount paid by the Government to the bank plus interest on that amount at the rate of 4 1-2 per cent. a year, compounded annually.

The rate of interest charged the veteran by the bank could not exceed by more than 2 per cent a year the rate charged at the date of the loan for the discount of commercial paper by the Federal reserve bank for the Federal reserve district in which the bank was located.

If a veteran died before the maturity of the loan the Government would pay to the bank the principal and interest and to the beneficiary named by or to the estate of the veteran the face value of the certificate less the amount paid to the bank.

After January 1, 1926, veterans holding certificates could make direct application through postmasters for loans.

If such loan were made at any time not more than three years after the date of the certificate it could not exceed 50 per cent. of the sum of the adjusted service credit of the veteran plus interest at 4 1-2 per cent. a year from the date of the certificate to the date of loan.

If the loan were made at any time more than three years after and not more than six years after the date of the certificate the sum could not exceed 85 per cent of the adjusted service credit plus interest at 4 1-2 per cent from the date of the certificate to the date of the loan.

If the loan were made at any time more than six years after the date of the certificate the sum could not exceed 70 per cent of the adjusted service credit increased by 25 per cent plus interest at 4 1-2 per cent from the date of the certificate to the date of the loan.

Could Repay Loan
The veteran would repay the loan

upon an amortization plan by means of a fixed number of annual installments sufficient to cover interest on the unpaid principal at the rate of 4 1-2 per cent. and such amount of the principal as would extinguish the debt within an agreed period not exceeding the life of the certificate.

If a veteran failed to make any payment when due the secretary of the treasury at any time prior to the maturity of the certificate would cancel the note and restore the certificate to the veteran upon receipt of all installments in arrears, together with interest at 4 1-2 per cent, compounded annually, upon each such installment from the time when due.

In event of the death of the veteran before maturity of the loan, the loan and not would be cancelled and the Government would pay to the beneficiary named by or to the estate of the veteran the face value of the certificate less the principal of and interest on the Government loan.

The certificate of a veteran would be cancelled only in case he failed to redeem it before its maturity or if he failed to make any payments when due and such default continued to his death.

To Pay for Homesteads

The land settlement aid option of the House bill has been stricken out and the Smith-McNary reclamation bill substituted. Under that measure veterans would be given preference in employment or reclamation projects and in obtaining homesteads on land reclaimed. They would be required, however, to pay for such homesteads without further Government

aid, on the same footing, as other homesteaders. Settlement would be open to all veterans of the World War, the Spanish American war and the Philippine insurrection, and irrespective of whether they had received any compensation from the Government under the bonus bill or other legislation.

The veteran's choice among the options chosen would be made by application filed by the secretary of war serving in or his last service were with the military forces; or with the secretary of the navy if he were serving in or his last service were with the naval forces. Such application might be made at any time after the passage of the bill and would have to be made personally by the veteran except in the case of physical or mental incapability, in which event would be made by such representative of the veteran and in such manner as the secretary of war and the secretary of the navy might jointly by regulation prescribe.

Perfume Took Name From City.

The original recipe for the famous perfume, eau-de-Cologne, was discovered by an Italian living in Cologne in 1700.

Uses of Liberty.

Brethren, ye have been called unto liberty; only use not liberty for an occasion to the flesh, but by love serve one another.—Galatians 5, 13.

Window Panes.

To take paint off window panes try washing with vinegar.

Better than Pills

YOU WILL NEVER wish to take another dose of pills after having once used Chamberlain's Tablets. They are easier and more pleasant to take, more gentle and mild in their action and more reliable. They leave the bowels in a natural condition, while the use of pills is often followed by severe constipation, requiring a constant increase in the dose. Every bottle guaranteed by your druggist.

SEND IN THAT RED ENVELOPE NOW

TIRE PRICES HAVE BEEN REDUCED!

WE HAVE REDUCED THE LIST PRICE OF CORONADA CORDS TO CONFORM WITH THE NEW LISTS OF OTHER TIRE MANUFACTURERS. AND WE HAVE GONE A STEP FARTHER—WE GIVE THE CAR OWNER A FURTHER SAVING OF 20 PER CENT. FROM THE NEW LOW LIST.

You can buy many brands of tires at low prices—and the quality is usually as low as the price.

Occasionally you can buy a good tire at a bargain—providing your need and the special sale happen at the same time.

You can always buy a

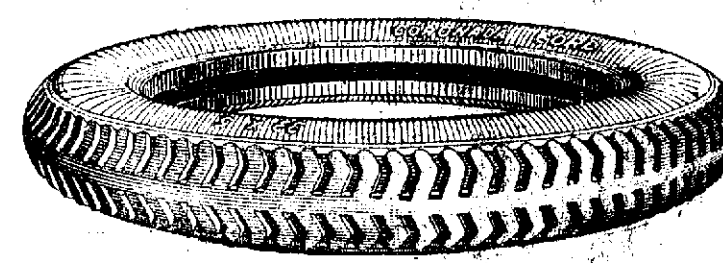

CORONADA CORD

at a saving of 20 per cent over any other Cord Tire of equal size and quality.

By confining our distribution to nearby territories, eliminating all jobbers' and brokers' commissions, and all extravagant advertising, we effect a saving of 20 per cent, and this saving is passed on to the consumer.

Before you purchase your next tire stop at our Sales Depot and examine CORONADA CORD. You need be no tire expert to recognize the large oversize, the extra weight and the "Quality Feel" of the material used, which makes CORONADACORD TIRES and TUBES the leader wherever they are offered for sale.

Compare size and price of Coronada Cords with other cords and read how we can give you size, quality and also a saving in price.

Do Not Be Misled

At one time the word "cord" was synonymous to the highest quality in the tire industry. This is no longer true. Many manufacturers, including some of the largest, have yielded to the pressure for a cheaper tire and have built a smaller one to fit the price.

The extra size contributed as much to the long service originally rendered by cord tires as did the cord type construction. The smaller undersize tire cannot possibly give the unequalled service of the large oversize cord tire.

Do not be confused by the many different prices quoted on so-called "Cord Tires." If you are looking for quality and service, be sure to get the full oversize cord.

Special Consumers' Prices

In effect in territories where CORONADA CORDS are supplied by our direct Factory Sales Depot.

WILLIAMS AUTO SALES CO.

NEWS OF
OUR
NEIGHBORS

CURWENSVILLE

Yesterday was the last day on which the merchants of this town will close their stores on Thursday afternoons and at six o'clock in the evening during week days. This change will be a great benefit to the rural residents who can now do their farming and come to town in the cool of the evening and do their shopping.

Kelly Bloom is running his coal mines, situated near Hogback, full tilt these days. He employs nineteen men and his output foots up to above sixty tons per day.

Samuel Williams and family desire through the medium of the Curwensville column to express their sincere thanks for the many kindnesses shown them during their recent bereavement, the illness and death of their beloved wife and mother.

Mr. and Mrs. Boyd Smith and son, of Watonsontown, Pa., accompanied by Mr. and Mrs. C. S. Smith, came to Curwensville by auto and spent several days in the home of Mrs. Venie Mill on North Thompson street.

Mrs. Cora Rabold, who resides in Altoona, is a town visitor this week, spending the time among her relatives. She was a daughter of the late James Norris.

Wier Bloom left Curwensville this morning for Wilmington, Del., where he expects to spend the next couple months. He is a carpenter by trade and worked in that city for several years.

David R. Fleming is spending a couple days in Altoona on business.

Born, in Clearfield hospital on Wednesday, a daughter to Mr. and Mrs. Larson.

Rev. J. C. Collins, pastor of the M. E. church, is fast gaining fame as a platform lecturer. Thursday afternoon he went to Centre church near Osceola, and delivered his pleasing and instructive lecture entitled, "The House That Jack Built."

Wednesday the official board of the M. E. church met in conclave and discussed ways and means of remodeling and renovating that edifice. The outcome of their deliberations resulted in giving to F. L. Robison & Son, this place, a contract for the painting and frescoing of the interior of the building. The work will be started at once and completed in time specified in contract.

Several changes in the ownership of town properties have taken place recently. Miss Rebecca Stover has sold to Joe Pedro a small house on the lower end of George street. Consideration, according to deed transfer, \$1,900. John Commeto sold to Ernest Weis a property on North Thompson street, known as the Chas. L. Frank property, for the sum of \$2,500. Chas. Eckert disposed of a property in Nulton to Robert A. Russell, receiving the sum of \$2,300 for all right, title and interest.

It is said that the principal reason why the work on South Side street is lagging so far behind is that stone used in the concrete mix is being condemned by the inspector as being too small. This we surmised by a conversation overheard between two men who seemed to know what they were talking about.

Mrs. Lew J. LaPorte left today on for Olean, N. Y., where she will spend several weeks with a daughter, Mrs. B. A. Shearer. On her return he will stop off at Hazelhurst and spend several days, and bring home with her her little grandson, Billie Hudson.

It is now definitely settled that the factory project is a go and that ground will be broken for the erection of the buildings within a short time. There seemed to be a little vacation.

E. E. Smith, Prop.
H. & C. Phone 302-J Bell Phone 59-R

about some of the arrangements and also the ground which had been decided upon. We are informed that the factory will now be built on Irvin hill, instead of the ground next to the tannery, as had partially been decided on a few days ago. It seems to be a new departure in the shoe manufacturing business, that of making seamless shoes, but the promoters seem to have unbounded faith that the shoe will be a seller on the market when once it is properly introduced. There are men in this community who laid many objections in the way of the factory locating here and refused to take any stock in the concern, yet these same fellows have objected for years back to any industries coming into our midst, and to quote one of them, "I would rather be a big man in a small town than a little man in a big town." And there you have it.

Curwensville people who attended the Fruit Hill picnic inform us that there was an immense crowd on the grounds, hailing from all points of the county compass.

Water in the streams is very low at present. Many of the mountain brooks are dried up entirely and dead fish can be seen all along the shores until a sufficient water is reached by which they can exist.

BIGLER

William Tawey was a business caller at Johnstown on Monday.

Frank Miller of Ford City visited at the home of W. D. Walker last week.

Mrs. Samuel Stevens and daughter Martha were shopping in Clearfield Tuesday the 20th.

Miss Elizabeth Walker visited her friend Miss Ruth Taylor at Osceola Mills last week.

Mrs. June Dixon and daughter Gertrude of DuBois spent the week end at the home of Mrs. Maurice Bush.

Mr. and Mrs. Lloyd Stevens and children spent Sunday with the latter's sister, Mrs. Clarence Peters, at Blids Ball.

Mildred Shugarts of Huntingdon and Catherine Bloom of Altoona are visiting at the home of Mr. and Mrs. Hamilton Bloom.

Mrs. Cora Eckley and son and daughter, Matthew and Elizabeth, of Pittsburgh are visiting their cousin, Mr. and Mrs. Maurice Bush.

Mrs. Wayne Taylor and children, and Mrs. Ray Louder and children spent Wednesday with the former's sister, Mrs. Clarence Peters, at Blids Ball.

Violet Morris, daughter of Mr. Ella Morris, who was knocked down by an automobile Sunday evening at Blids Ball, was taken to the Clearfield hospital, where she is getting along as well as can be expected. Her collar bone was broken and she was badly bruised about the face and head.

WOODLAND

Little Beekie Calfer had the misfortune last week to fall and break her collar bone.

Master Lynn Palmer, of New Washington, visited last week at the home of his uncle J. N. Palmer, his sis. Mildred is visiting this week at the same home.

Miss Edith Brett, of Pittsburgh is visiting her aunts the Misses Kate and Margaret Brett.

Miss Jessie Walker has returned on a visit to her aunt Mrs. Lettie Folsom at New Bethlehem. Her cousin Ruth accompanied her home to visit relatives here.

Mr. and Mrs. Fred Shugarts, and children and Mr. and Mrs. Blake Shugarts of Clearfield spent Sunday with relatives here.

Mrs. DeLeon, of Philadelphia, is visiting at the home of her sister Mrs. S. S. Swift.

Miss Effie Gingery is home from Washington, D. C. for her summer vacation.

A number of our people attended and enjoyed the concert in the Clearfield Driving Park by the American Legion Band.

Mr. and Mrs. Reed Barger and Mr. and Mrs. N. G. Stewart and family spent Sunday at the Still House Hunting Camp in the Green Woods.

Willard Snyder of Pittsburgh, is visiting his mother Mrs. George Snyder.

Mr. and Mrs. Chas. Palmer have returned from their trip to Massachusetts. Unfortunately they have not yet been able to locate their automobile which was stolen while parked in Springfield, Mass.

Charles Rodifer and daughter, of New York City and sister Miss Gusie of Bigler visited the former's brother Ralph at his home here on Saturday last.

Mr. and Mrs. Fred Herbert, Jr., attended a party on Wednesday evening at the home of Miss Maude Gelpert in Clearfield.

Miss Twila Biggleman, of Mineral Springs, has returned from a visit to friends in Grampian.

Ralph Hoffman, of Pittsburgh and Ernest Hoffman, of Hamov, visited this week at the home of Mrs. Robt. Mitchell.

It was reported last evening that Clair Young, the young Woodland man who was injured in the Woodridge Coal Mine near Woodland on Tuesday morning and was taken to the Clearfield Hospital for treatment from X-ray pictures taken show that his back was broken though it is thought the spinal cord is not injured.

In the game of base ball played at Woodland on Thursday afternoon the

SCHOOL DAYS,
SCHOOL DAYS,
DEAR OLD GOLDEN
RULE DAYS

They're coming on apace and your kiddies will want to start the year with a complete outfit of pencils, pencil boxes and everything dear to the heart of the youngster on the first day of school.

Of course, your children will be furnished with some things by our provident school board but the little frills, the little things that are dear to the kiddies' hearts, are not furnished—and you'll want to have them start with a light heart.

We have everything ready for them.

JERSEY COAST IS ON
HUNT OF ALLEGED
WHITE SLAVERS

Ocean City, N. J. Sept. 1.—Kidnapped by white slavers a young girl calling herself Mabel Gilmore today may be held prisoner aboard an ocean going tug-boat off the New Jersey Coast. First word of the girl's plight came in a message found in a bottle on a piece of brown paper with a lead pencil. This note said: "Help. If anyone should find my plea for God's sake come to my rescue. Five men drugged me and dragged me on board a tug three days ago where I

Woodland boys got even with Blue Ball for the defeat they suffered at their hands in the 10 inning game of last week when the score was 8-7 in favor of Blue Ball. The score of the game on Thursday was 12-4 in favor of Woodland.

The Philathea class of the M. E. Sunday School, their husbands and gentlemen friends picnicked at Mineral Spring Park on Thursday afternoon and evening.

am being used for immoral purposes by the entire crew. They would kill me if they caught me writing but they are all drunk and singing songs I know I am somewhere along the Atlantic Coast! Come, for God's sake, come, help!" The note is dated August 25th, 1922, and signed Mabel Gilmore.

Although there is a possibility that the note may be a hoax, authorities are exerting every effort to trace the writer. Police Chief Johnson of Ocean City, said today that he had investigated thoroughly and was satisfied that no girl by the name of Mabel Gilmore was missing from Ocean City. He said he was first notified of the finding the message in the bottle by the police of Atlantic City but that he had not seen it himself.

Greenwich, Conn., Sept. 1.—In a semi-dazed condition and perhaps suffering from a mysterious malady, Miss Betty Tomlinson, pretty Washington D. C., stenographer, today

—to Help Your Hens Over the Moulting Season
Now is the time to prepare your hens for big egg production during the fall and winter months. Don't let them linger along from four to six months moulting. Get them through the moult QUICK, because a moulting hen is an expense instead of a producer. Every day counts and the feeding method you employ now determines the profits biddy will produce for you later on.

Try the FUL-O-PEP Way
The best known feeding method during the moulting season, is half FUL-O-PEP DRY MASH and half FUL-O-PEP GROWING MASH. Keep it before your hens all the time and you will be agreeably surprised how quickly they will finish moulting and be back on the nests, shelling out the eggs in large numbers.

enable poultry raisers to get results from poultry that at one time were considered impossible. Ful-O-Pep Growing Mash for growing birds enables you to produce big healthy, early laying pullets at less cost than any feed known. Keep it before the growing stock all the time—don't stop feeding it until pullets are six all the year round. These feeds have opened the door of opportunity to poultry raisers. Poultrymen everywhere are getting real results from these guaranteed feeds. Feed the Ful-O-Pep Way and your success with poultry is assured. The famous Ful-O-Pep line of poultry feeds was originated and is produced by The Quaker Oats Company, Address Chicago, U. S. A., the largest manufacturers of Poultry feed in the world.

JORDAN'S

SECOND ANNUAL
H. & C. PICNIC

The employees of the H. & C. Telephone Company are indebted to the Trustees of the View Point Rod & Gun Club for the courtesy of using their Club House for their Second Annual picnic.

A fleet of eight automobiles and trucks left the Company's office about 10 a. m. yesterday with more than fifty of the employees and guests, including the entire general office force as many of the operators and general help as could be spared, including employees as far east as Philipsburg and as far west as Barnesboro.

The conditions at View Point are ideal, and the spacious porches were used for the dinner, of which spring chicken was the "piece de resistance" will all the accessories. A victrola gave music for the young folks dancing, and quito entertained some of the more sedate male members.

A supper of wieners, roasting ears, peaches, cake, ice cream and accessories was served the crowd as the shadows deepened and the moon shone brightly.

Mr. W. H. Wilson, the genial General Manager was the ruling spirit of the occasion, and with Mrs. Wilson, chaperoned the party and were last to leave the grounds. We all reached home while the moon was still high in the western skies, realizing that it had been an ideal day in every particular.

One of the Party

HAND TORN OFF IN
MERRY-GO-ROUND

Samuel Nef, a Jordan township resident, met with a distressing accident at the Fruit Hill picnic grounds last evening which resulted in the loss of his right hand.

The Fruit Hill Picnic Association owns a merry-go-round which is operated during their annual picnic. The machine was in operation yesterday and Mr. Nef, who is about 35 years of age, with a wife and two children, was helping to run it. While the merriment was at its height and the merry-go-round was filled to capacity he attempted to oil or adjust

GIVE THE KIDDIES

LOTS OF MILK

They are about to start their school year and they will need all the stamina that you can give them to come thru the year with flying colors.

Their little bodies must be kept in the best of condition to keep pace with their growing brains and without the bodily strength the mental growth will not be as it should.

Give the kiddies all the Clearfield Milk they can drink and you'll see a great difference in their school work over last year. They will forge ahead of the underfed kiddies and bring home reports that are a credit to them as they should be.

Gossip For Tonight's
Tea Table

Mrs. W. E. Mathers and daughter Bernice of East End are visiting relatives in Newport and are attending the Perry County Fair this week.

Mr. and Mrs. J. S. Hastings and daughter Lenore, Mr. and Mrs. H. C. Pooler, Mr. and Mrs. Dorsey Pokenhorn of East End and Mr. and Mrs. Paul Milligan of Pittsburgh made up a party and attended the Fruit Hill picnic yesterday.

Miss Mary Evans is visiting relatives at LaJosa this week.

Miss Ruth Evans has returned home after spending the last two weeks with friends in Barnesboro.

Alex Kreher and family left yesterday for Indiana to spend a week with friends.

something about the machine when his right hand was caught in the wire cable and torn off at the wrist in the twinkling of an eye.

The accident was witnessed by hundreds of people and as the terribly injured man reeled away from the machine with the blood spurting in torrents from the stump of his arm, a veritable panic ensued, many women and children being overcome by the tragic sight.

Nef had lots of nerve and walked from the picnic grounds to an automobile in which he was hurried to a doctor's office where the surgeon's knife repaired as far as possible the damaged arm.

SHIPPING WAR IS
RESPONSIBLE FOR
ACTION OF BRITISH

Washington, D. C., Sept. 1.—The action of Great Britain in withdrawing official powers from the American consulate at Newcastle, England, is the direct result of a smouldering shipping war between American and British interests. While American officials admitted that a serious question has been raised, they point out that there has been a natural clash of interests and that a satisfactory solution of the trouble can be found. A reply will be made to Great Britain regarding its action in withdrawing official recognition from the American consulate. The British government protests that the representatives of the United States are using their official position to coerce British subjects to travel to this country on American ships.

Mourning Clothing Cheap.

In many parts of China, when a man loses his father or a wife her husband they go into mourning by wearing old and dilapidated clothes.

Today's Wise Word.

Beyond the first primeval effect of their beauty there is not much mental excitement to be got out of some women.—G. Burgess

Will Have to Keep Going.

A Texas man walked 800 miles to marry a widow, and from now on he'll be kept on the run.

LAST FIFTY FEET TO
GO IN RESCUE OF
ENTOMBED MINERS

Argonaut Gold Mine, Cal., Sept. 1.—Drillers and blasters today attacked the last fifty feet of solid rock separating rescue squads and the forty-seven men entombed half a mile under ground in the depth, of the Argonaut Gold Mine. An emergency hospital 3,000 feet below the surface was made ready to give first aid to any of the men who might be found alive. Oxygen tanks and operators were on hand and nurses were in readiness to take care of the victims. Smoke and poisonous gases were being pumped out of the shaft as the rescue workers penetrated deeper and deeper into the last remaining barrier.

School Supplies

We have a lot of things that the kiddies will want for the opening day of school and you'll find that the array contains everything that is dear to the heart of the youngster whether it is the first day of school or whether it is starting another year.

Outfit them here and they will be outfitted right.

Aughinbaugh's

This Autumn's Frocks Are
Beautifully Garnitured

For afternoon affairs madame may still cling to her favored crepe—the heavy Renee and roshanara weaves, but the marked simplicity of seasons past gives way to oriental embroideries of the most elaborate sort and to beading done in solid clusters. Graceful panels often faced in a high shade are very characteristic. The smart street frock of kasha, broadcloth or twill is defined by a very distinctive circular movement.

Prices Range at \$19.75, \$29.75, \$39.75,
up to \$125.00.

Clothes
Aren't
On the
School
Curriculum

But
They're
Important
Just the
Same

The children will be skipping off to school in no time now and on those mornings any old frock or suit won't do as it has all Summer. Girls must look as sweet as peaches and cream and boys as neat as possible. It's going to mean a lot of new clothes but mothers who choose from our special School Clothes display won't have the least difficulty in getting the youngsters' wardrobes into apple-pie order.

KEEPING YOUR TRUCK GOING IS BETTER
THAN KEEPING IT IDLE

That may seem more or less of a plain truth, but it cannot be gainsaid. We keep your truck going rather than have it going one day and idle the next. We give it a service that will make money for you and that will, in the long run, be the most economical.
